

**MONROE CEMETERY  
NORTH SIDE OF COUNTY LINE ROAD  
(A SEMI-ACTIVE CEMETERY)**

**MONROE CEMETERY has no available records other than stones that were read by Marjorie M. Buckles and Nancy L. Creech in the fall of 1994. Sources used to compile these records other than stone readings are: stone readings by person/persons unknown; census records; county histories; Recorder's records of Veterans Miami County, Ohio. There appear to be a few discrepancies in the stone readings and Veteran's records. The oldest stone read was Addie Vore - 1800. Many of the stones in this cemetery were difficult to read. Therefore, the following list should not be perceived as a complete list of burials for this cemetery.**
